

FROM THE PASTOR

This weekend we combine two important events in our Parish of St. Justin.

We celebrate our Parish School's 1st Eucharist Children and we present them with a medal to wear on the big day. Please remember them in your prayers. They are the Church of the future.

The other event is the Annual reminder of the work of **Centacare**. The Melbourne Church's Social Welfare organization.

You will witness a DVD presentation from Fr. Joe Caddy the director of this mighty service of our Church. It is good that we see and hear these things in a time when there is much negative comments on the Church and its various activities

We certainly have not need to be modest when it comes to the work of the Catholic Church in the world.

Centacare is a great example of the Church meeting with this world of ours. Meeting it in the houses, streets and institutions. We are present where the people live. Their needs are recognized and respected. We respond and in very practical ways.

We can add many other examples of the Church in action. Along with Centacare we boast the work of the *St. Vincent de Paul Society*. Our presence in the *Health and care of the Elderly and the handicapped*, is second to none.

We are not only a 'Church on Sunday' Religion. Our work with all people and in all countries is the essence of the Gospel of Christ.

We all cannot be on the Front line. However, we are able to support those who represent us as Christ's disciples carrying out his healing, Teaching and caring roles in Society.

May we always do what we can and indeed offer our practical support on days like this. We thank God for all who take our part and living the compassion and peace of Christ to his people.

THANKSGIVING OFFERING:

PARISH PRAYER

**Jesus help us walk our pilgrim way to heaven,
May St. Justin be our guide.
Grant us his strength of faith and wisdom
So we remain united as one family,
growing in love in our Parish of St. Justin.
St. Justin pray for us.**
